Books by Robert C. Martin (Author of Clean Code)

Clean Architecturefailed to meet my expectations on a number of fronts. Despite Mr Martin's obvious passion for the topic, Clean Architectureis poorly organized, lacks examples, and is silent on working with existing systems. The author missed a major opportunity to teach us when and how to apply these lessons to our own systems.

Why I can't recommend Clean Architecture by Robert C Martin

Clean Code: A Handbook of Agile Software Craftmanship

I've always heard of this book “Clean Code” by Robert C. Martin. In school, there really wasn't much of a pressure to write or maintain clean code. Mainly because we probably will only touch the code during that 13 weeks of semesters. On top of the deadlines and preparing for assignments, writing clean code is almost never my priority.
